CONSTRUCTION REGULATIONS AND SPECIFICATIONS

Architectural Control Committee (ACC) approval is required for the construction of a new residence and/or other improvements. Prior to submitting plans for any new construction, we suggest you review these construction regulations and specifications as follows and the Reservations, Restrictions and Covenants for The Cliffs at South Shore in which your lot is located. This information should be reviewed by the designer and the builder as well as the owner. Contact CKM Property Management, Inc. for copies of these documents.

The payment to be made upon submission of the attached application is composed of:

- **New Dwelling on a lot:** Submit a \$5,000 Builders Compliance deposit of which \$2,500 is non-refundable. **Cashier's Checks only will be accepted.**
 - **Pool/Other Improvements:** Submit a \$2,500 Builders Compliance deposit of which \$1,250 is non-refundable. **Cashier's Checks only will be accepted.**
 - **Refundable Balance,** subject to review and inspections to include but not limited to cleanup or any other damage(s) caused by Builder/Owner upon final completion of construction by the ACC and the BOD members.
2. The survey (to be prepared by a surveyor registered in the State of Texas) must show the location of the structures and all other appurtenances on the lot prior to ACC approval. This survey shall show that the structure will not violate any lot lines, building set back lines, easements or creates obstruction to existing structures as described in the Deed Restrictions. A "Form Survey" prepared by a State of Texas registered surveyor MUST BE provided and approved by the ACC PRIOR to placement of any concrete.
 3. A temporary plastic construction fence will be installed on the property boundary (s) before construction begins and will remain throughout the construction.
 4. All building sites shall be kept clean and materials stored in an orderly manner. A trash receptacle 20-yards minimum/30 yards maximum dumpster will be maintained on the lot where construction is occurring for construction debris, paper, lunch wrappings, drink container, etc. which may be blown onto adjacent properties, and the Builder will be responsible for assuring that it is so used and will see that the trash is properly disposed.

All POA roads and property must be maintained in a clean and orderly state during entire duration of construction.

5. The building site, the POA streets and main entry to The Cliffs at South Shore will be cleaned at least once each week with all mud, dirt, trash and waste building materials removed.

This document is being recorded as a COURTESY ONLY by Roberts Markel Weinberg Butler Hailey PC, without review and without liability, expressed or implied.

6. All vehicles belonging to work crew will be parked either on the lot where the construction is occurring or on the same side of the street. No vehicle will block a driveway or be parked on a neighbor's driveway or vacant lot without obtaining written permission of the property owner and a copy sent for ACC review/compliance.
7. A temporary electrical pole will be installed by the Builder prior to construction and maintained until the permanent connection to the house is made.
8. Port-a-can facilities must be available at all job sites when site clearing starts and maintained in place until construction is completed.
9. **No construction will begin before 7:00 A.M. or continue after 7:00 p.m., Monday thru Saturday. No construction on Holidays or on Sundays before 12:00 Noon CST or later than 5:00 P.M.** Special times may be approved for pouring slabs. Property Owners Association reserves the right to change open hours for construction on job sites due to daylight-saving time.
10. All work performed must meet the requirements of the Standard Building Code and the National Electrical Code.
11. Mail boxes are to be constructed in accordance with attached sketch and must be of brick and/or stucco construction.
12. An eighteen-inch (18") diameter culvert pipe the width of proposed driveway and angled concrete culvert pipe ends (1 at each end), must be installed PRIOR to commencing ANY construction. Placement at permanent driveway location and proper elevation as not to impair existing flow/drainage is mandatory. Stabilized cementitious material covering this area is required.
13. Concrete and/or gunite trucks are not allowed to mix their material deliveries on any streets within the limits of The Cliffs at South Shore. All mixing to be done only on the lot under construction. Placement of 3/4" plywood (4 to 6 sheets) over the asphalt street in front of entry (culvert location) must be in place and maintained/replaced as necessary during construction duration.
14. Building permit issued by Montgomery County must be provided prior to construction and remain posted in a conspicuous place until construction is completed.

The Architectural Control Committee and the Property Owners Association have no obligation and are not liable for approval of any improvement or modification to any improvement on a lot deemed approved for the improvement or modification of improvement from the standpoint of safety, whether structural or otherwise, or conformance of building codes or other governmental laws or regulations.

Applicants hereby have read and agree to the construction regulations and specifications as stated herein and acknowledged by signature below.
